

Listing December 2011 . FINISHING

We can propose subject to prior sale or withdrawal:

FN 1645 1 Sanforizing Machine MONFORTS , type Top Tex

YOC : 2006 , Working width : 1800 mm ,Rollers width : 2000 mm

Driven tension controled fabric inlet from A- frame and ripplet fabric

Thread and stitch counter with electronic device to control the set up of shrinkage

Monforts Qualitex 5000 control board with Siemens S7 ,control with Windows

FN 1924 1 mixt printing machine rotary/ flat Buser Hydromag 4-v

3 rotary heads , 12 flat printing positions ;

total 15 printing positions type 1680/30000/12R , base yoc 1982

First printing positions. ; 3 rotary heads report : 64 cm

complete with three magnetic position, **Yoc 2006**

Second printing aera .

12 position flat bed printing positions ; Printing width1680 mm

Thermoplast equipment for the gluing of polyester. Drying chamber gas heated

FN 1824 1 STENTER ARTOS BTM YEAR 2002,

Vertical chain pins&clips ; Working hours :220 cm , 1Padder , BIANCO

Air system for selvedge opening ; 4 chambers , 3 meters each ,oil heated

Cooling unit at exit ,selvedge cutting , exit plaiter / roll

FN 2126 1 Stenter Babcock –Econair , yoc 1987 , For weave , Working width : 1850mm

Horizontal Chain with pins ; Inlet with MAHLO , type RMFC 94 H , yoc 1989

With 1 padder 3 rolls ; Dryer with 10 chambers , Gas heated ,

Cooling device , plaiter / rolls

FN 2087 1 Sample Rotary printing Machine MBK , Type : RD4 YOC: 1986

Type : KDM E 16 ; 4 colours maxi , magnetic bar system

Printing width : 1850 mm, repeat : 81,9 /91,4 cm, Max length of the printing belt : 25 m

Production speed : 2-30m/min ; Dryer unit ,gas heated .2 sections , 4 burners 9 meter fabric content

FN 2089 1 Flocking Unit AIGLE , YOC: 2003 , Type : TC 2

To install on 1 printing machine ; Working width : 1600 mm,

1 Suction unit type BB2 ; 1 brushing unit ; Machine has very few working hours

FN 1989 1 Dryer SANTEX , type Santasoft ; Yoc : 1993

Working width : 2400 mm ; Inlet unit and outlet unit type Planotex

2 chambers , gas heated ; 1 ionization device Scan –ion

Listing December 2011 FINISHING

We can propose subject to prior sale or withdrawal :

FN 1960 1 suction device OPTIVAC; Yoc : 2001 , like new ,very few worked
Type : Optitexma AB ; maximum working width : 2600 mm

FN 1902 1 FRINGING MACHINE , NUOVO PIGNONE
suitable to twisting yarns for scarves and blankets
YOC 2000; w.w. 2200mm ; comb pitch 7/14 , Exit : plaiting device

FN 1901 1 Inspecting and winding machine, CORIMATEX ; year 2001. Suitable for
Knitting with LYCRA ; Working width : 2.000 mm
top light, electronic meter counter, self centering

FN 1675 1 Washing Machine Stork For rotary printing screens;
Printing width : 2400 mms ; Total length from the cylinder ; 2600 mm

FN 593 1 Emerising Machine TORRES ; type micropunt 153 , 1993,ww 180 cms

FN 1904 1 inspecting and winding machine, DAROITEX ; compact suitable for all knit
fabrics and lycra. year 2006., working width : 2.400 mm
top light, electronic meter counter, weighing, labelling, touch screen,
NON_STOP batch accumulation, feeding from roll to roll, centering device,
full RECONDITIONED AS NEW, WITH WARRANTY

Other equipments

DI 1923 1 Steam production machine BABCOCK WANSON ,Yoc : 2008
Capacity : 10Tons/Hour , Working pressure :13 bars
Contentance normal level : 17631 litres , Heating Surface : 188 m2
Burner Babcock , Type : LNTA 34, gas , 1 smoke Economizor

DI 2085 1 Thermo oil Generator STEIN FASEL ; Yoc : 1990,
Type : NXT 29 , vertical ; Power Maxi 3000 Kw
Température départure maxi : 220 °C ; Pressure : 20 bars
Burner : WEISHAAPT ,Type RGMS 10/1 , With gas , pressure mini 10 bar /maxi 140 bar

DI 1951 1 air compressor COMPAIR , Yoc 2001,Type REGATTA 140 A
Pressure maxi : 7,5 bars , Capacity : 13,8 m3/min
Speed : 3000 rd/min , Power : 75 Kw , 380 V – 50 Hz

Listing December 2011

We can propose subject to prior sale or withdrawal :

Other equipments

BN 2179 1 Universal Folding machine JENSEN,

Extremely universal, high quality folder for bed sheet, quilt cover, curtains, table linen, blanket, YOC : 2001 ; Type : JENTEX 2

Dimensions Maxi : (WxL) 315 x 375 cm ; Mini (WxL) 100X 100 cm

Dimensions folds : 40X45 cm

Control PLC , with CT 342 can store up to 99 different folding programs

BN 2187 1 Automatical line for conditioning the Tshirt ; PG – Beta , yoc : 2005

Feeder – pressing , ST 96/05 ; Folder : PG 97/05 ; Wrapping : N-400 ; Capacity : 720 pieces/hour

BN 2178 1 Terry Folder JENSEN, Yoc : 2002 ; Type : TEMATIC PRO

Capacity : 800-900 pièces /heure

Dimensions Maxi : 1200 x 2000 ; Mini : 400X 400 mm
